开头

An increasing number of people begin to realize/ complain/ question that...

OR: The majority of people tend to have a favorable/ an unfavorable attitude towards something

OR: XXX has now caused wide public concern

OR: When it comes to... people often consider...

The thing is, which XXX, A or B, (is a more efficient mean of learning/ what do we mean by)?

People may give various answers to this question.

OR: Ask people... and they may give a diverse of answers based on their individual value systems

Some believe that... while others/ some claim...

On balance, my favor goes to A.

正文

To begin with, I concede that B serves as an independent factor in (a successful education)/ is of great value/ B is superior to A since After all,

However compelling these cases may sound, B is not without its problems.

OR: However compelling these cases may sound, they cannot overshadow the significant role that A plays in XX.

For example,

In this sense,

Therefore, too much emphasis on B is actually dangerous/ harmful and may go contrary to our primary purpose of

On the other hand, A can address/ respond to some people's needs that B cannot

For one thing,

For another,

结尾

In the final analysis, it is true that both A and B are part and parcel of X. However, considering the potential problems resulted from B and the great benefits of A, I believe it is sensible to (choose A)
